

Dear Parents/Carers,

On Thursday 5 July 2018, we would like all of year 7 students to participate in a Study Skills Workshop run by a company called Elevate.

We will use this course to facilitate and embed each student's knowledge of how to study efficiently. The course will include skills to successfully transition into Key Stage 4; how to read effectively; take accurate notes; conceptual learning techniques and how to learn independently. These skills will be indispensable now and in the future in regards to progress and attainment.

The course takes place during an Academic Afternoon at Langley Academy and is fully funded by the school. The course will however run over the school day, it will start during the enrichment session on a Thursday afternoon, 2.50pm and run until 4.10pm.

We would appreciate your support with the implementing the strategies and techniques Elevate suggest during this afternoon. In order for them to retain this to allow this to succeed in their future studies.

If you have any queries or concerns regarding the afternoon, please contact your house tutor or me.

Yours sincerely,

J Bevan
